Would you like to include a school logo on a graduation photo?

Do you need a photo restored before use?

Can't find a photo of Mom and Dad together, but have one of each. Maybe we can combine them into a workable solution.

Is there an extra someone in the photo that you would like removed?

# CUSTOMIZE and SAVE

All prices are subject to a reduction depending upon the needs of each individual client. Call and we'll discuss your requirements in order to better understand how you can save money when placing an order. For instance, multiple small photos saved in one

photo file may only count as a single photo charge. Saving to a CD is less expensive than saving to a DVD. There are many ways to save and display your photos.

Always ask for what you want and if we can do it, we will quote it.
